

The **Teen Game Workshop** is a free one-week, hands-on technology workshop for teens; providing opportunities to experiment with the basics of game design, art creation, and computer programming at RPI. Spots are filled on a first-come first-serve basis. This year's program will be held August 14-18 from 9AM to 3PM. Students may bring their own lunch, but pizza and light snacks will be provided. A parent or guardian must complete and sign this form, and an online recommendation from a guidance counselor, teacher or community leader is required. If a student is not on time the first day, they will forfeit their seat to a student on the waiting list.

## TO REGISTER

**Please complete the following by Friday, July 14, 2017. Your child will not be eligible for the camp until all steps are completed.**

1. Fill out the form below.
2. Detach the completed form and send by mail or e-mail to:  
**mail:** Games in Education, 5 3rd Street Suite 300, Troy, New York 12180  
**e-mail:** [camp@gamesineducation.org](mailto:camp@gamesineducation.org)
3. Have a teacher, guidance counselor, or community leader (non-relative) submit a recommendation at <http://gamesineducation.org/TeenGameWorkshop>
4. Once submitted, you will receive confirmation from our staff who will provide additional information to complete the registration process. Thank you!
